

Happy Summer!

Well, it is now officially summer. School is out and many families are looking forward to their summer vacation. So please drive safely and pay closer attention for children and balls that may dash out onto the street, unknowingly.

It is also the time of year when many of our construction projects are underway in the Borough. I apologize for any inconvenience that road closures and the construction may bring, but the closures are temporary and the improvements are permanent. Thank you for your patience.

The Shore Protection Project of the Army Corps of Engineers continues to move forward. Even though we will not see trucks rolling in o Union Beach with the actual construction for another year, the preliminary construction work is being done now. I am working with the Borough Administrator, our Borough Engineer, the State and the Army Corps to get all of the prep work completed so that once construction starts, it can continue without delays. This is a very important project for the future of Union Beach and we want it completed on schedule.

Remember July 3rd is Fireworks night. Bring your beach chairs and blankets and relax at our beautiful waterfront and enjoy the fireworks. (Rain date is July 5th).

SAVE THE DATE.....September 12th is Union Beach Day in the Town and we will be celebrating the 90th Anniversary of Union Beach.

Activities are being planned for what will be a fun filled day. More information will follow on the website.

Remember to check the website for information about all upcoming activities in Union Beach. There is a lot going on this summer.

Also the trash and recycling schedules are posted there if you need a reminder about which week recycling and bulk pick up occur on your street.

Have a safe and enjoyable summer.

Keep smiling,

Paul
